Qualifications:

- O levels from The City School Lahore (2017)
- Intermediate from FCCU Lahore (2020)
- Bachelors in Computer Science FCCU Lahore (Ongoing)

Professional Skills:

- Being a Computer Science undergraduate problem solving is one of our virtues and especially tackling them under pressure.
- Team work has been a part of my personality having been through several student body appointments.
- The speaking skills I inherit has been a mixture from several of my debating mentors which led me into opening and managing various MUNs and debating competitions.
- A solid grip on operating systems i.e basic Microsoft Office Software's paired with a knack of quick learning
- Web content writer and editor adept at crafting engaging and informative online material to enhance digital presence and drive audience engagement.

Achievements/ Past Experiences:

- Opened the house for the biggest MUN held in Lahore **FORMUN X** and took home a guest chair recognition award.
- Intraregional Debating representing The City School (Second Position)
- Along with a peer successfully established a NGO known as **"Our Fasana"** which made its money on its own helping those in need.

- Welfare work hand in hand with a lot of local NGOs aiding in tree plantations.
- A summer teaching and helping out the kids at SOS facility in Lahore.
- Content Writing DIY Articles for a foreign blog.
- **BazaarFest by Properganda (2022)** – Video Host and Communications.
- **RamazaarFest by Properganda(2022)** – Registrations and organizing aid.
- **Lahore Sports Tournament (2023)** – Event organization and registrations.
